*A **livestream** that was recorded a few days ago begins to play. A loading icon spins. Then...*

INT. BURGER BAIT, 12:48AM

TRAVIS, 23, wears his black and orange employee uniform as well as a custom face mask that features the first design that comes into your head as you read this.

He attempts to prop up the phone but it keeps sliding out from underneath itself, landing flat on its back.

BEEP.

Travis is stationed at the second drive thru window of the popular, southern fast food chain...

TRAVIS

Welcome to **Burger Bait**. What can I get started for you tonight?

He's still struggling to prop up his phone.

CUSTOMER

(Southern Boomer)

Yeah, can I get uhhhhh...Chicken Burger with cheese and a medium fry?

While a Customer is ordering, they sound as if they were talking through a speaker phone, or they will be at the drive thru window, never fully in view, therefore all of the "Customer dialogue" is (V.O) but I'm not typing that many V's and that many O's.

TRAVIS

Will that be all today? Er-tonight.

CUSTOMER

Yeah, and a large sweet tea.

TRAVIS

Chicken Burger with- cheese, a medium fry, and large sweet tea is gonna come out to \$6.58 at the second window.

CUSTOMER

For a Chicken Burger, a medium fry, and a large sweet tea?

TRAVIS

Yes- \$6.58.

CUSTOMER

First window?

TRAVIS (CONT'D)

Second window.

CUSTOMER

Huh?

TRAVIS

Uh- sorry- no uh- second window.

At the bottom corner of our user interface lurks a number representing the total amount of live viewers currently watching.

0 viewers.

Travis flips up his microphone. Sighs. Waits.

1 viewers.

TRAVIS (CONT'D)

Hello singular viewer.

The first comment appears from...the **CHAT**, the dialogue emerging straight out of the black hole that is the internet which will be driving, commentating, and killing us by the end of this livestream.

CHAT

Is this McDonald's?

TRAVIS

No, Burger Bait. See?

Travis tilts his hat down which reads the slogan "**You'll be hooked!**", underneath the Burger Bait logo with the same color scheme that Pornhub uses.

He slides open the window as the Customer pulls up.

TRAVIS (CONT'D)

\$6.58.

CUSTOMER

And I couldn't understand nothin' you were sayin'. Looks like ther's some sorta sticky stuff all over your speaker out there. Oh- and ther's some homeless dude walkin' round yer parkin' lot.

TRAVIS

Wait there's what?

CUSTOMER

Sticky shit on the thing.

TRAVIS

No- I meant the- uh- I don't know- sorry. I mean- people they- do...that sometimes.

CUSTOMER

...whattaya mean?

TRAVIS

They uh- well- they don't like- do anything weird or anything. They take the melted part left over from our- Pineapple Slurshies- and they dump it on the speaker...

CUSTOMER

You know people that do that? Like yer friends do that?

Travis nods, anxious talking to another human in real life.

TRAVIS

Mhm.

CUSTOMER

Why?

TRAVIS

Tradition I- I guess.

CUSTOMER

(I wish I never asked)

Fascinating.

Travis closes the window and pops open the cash register while reading...

3 viewers.

CHAT

Are you slow?

TRAVIS
I have like social problems. Or
whatever. Social- um- whatever it's
called.

CHAT
Where are you?

TRAVIS
Where are *you*?

He grabs the Customer's order and swings it over to the window, handing it through.

TRAVIS (CONT'D)
\$13.42 is your change. Have a good-

The Customer immediately drives off and Travis focuses back to the Chat.

4 viewers.

TRAVIS (CONT'D)
Wow, four viewers. Didn't think
anyone would actually watch this.

CHAT
Do a meme.

TRAVIS
Do a meme? No, sorry. No memes
here.

3 viewers.

CHAT
Cool mask.

TRAVIS
Thanks, my- girlfriend made it for
me.

CHAT
Biggest order you've gotten?

TRAVIS
Someone ordered like 50 chili dogs
on my first day. That was probably
the biggest. I've never had anyone
order one since. They have bets
going on it.

CHAT
Why is it still on the menu?

TRAVIS
Because my Manager likes them.

CHAT
*I live pretty close to a Burger
Bait. What do I need to get a job
there?*

TRAVIS
Just apply and you'll probably get
hired as long as-

Suddenly a loud noise from the kitchen and Travis' attention shifts toward the source.

TRAVIS (CONT'D)
(to Chat)
Be right back.

Travis walks off screen and as soon as he does, we hear a KNOCK on the drive thru window. We can just barely see a **HOMELESS MAN**, peering in through the dirty window. He KNOCKS again breathing hard against the window.

He squints at the cash register and begins slowly sliding open the window until-

BEEP.

- he's lit up by car headlights. He closes the window and stumbles away, pushing a rusty shopping cart.

CHAT
WTF WAS THAT?

Travis appears back to his post. He notices the Chat.

TRAVIS
Welcome to Burger Bait, what can I
get started for you?

CHAT
HOMELESS GUY AT THE WINDOW!

CUSTOMER
(*Soccer Mom*)
I'd like a kid's cheese burger
TackleBox Meal with only ketchup on
the burger.

TRAVIS
And to drink?
(then to Chat)
Was there really someone there?

CHAT
*NO! YES! THERE WAS A GUY. They're
trolling. No one's there. LOL.*
